To B'nai Torah Everywhere:

I had the good fortune over the last several months to spend significant time with Reb Simcha Frischling of Baltimore, Md. exploring a relatively new and very promising therapeutic approach in the area of personal and family counseling. This was a qualitatively very intensive experience and I came to know and respect Reb Simcha's professional skills, such that I feel extremely comfortable in recommending his considerable abilities and intuition as a therapist and counselor.

It is important to remember that Reb Simcha is a very sincere "Yerei Shamayim", and that his intervention is always mindful of the Torah values and Hashkafa issues involved in any given situation.

I have every confidence in his competence and wish him bracha and hatzlacha and siyata di'shmaya in all his endeavors.

Sincerely,

Rabbi Michel Twerski
